

**CHRISTCHURCH MONDAY MIXED DARTS
AGM 2023**

1 CHAIRMANS OPENING REMARKS

Treasure opened the meeting at 8:15 with apologies for chairman not being in attendance due to illness and that he thanked the league for their continued support this year.

2 SECRETARIES REPORT

Thanked everyone for their continued support of Christchurch Monday Night Mixed Darts League. Whilst ' COVID' had a detrimental effect on the league, I feel we have a more balanced and evenly competitive 2 divisions. We had a few issue over the past year that have been raised to the committee that we have had to sort at short notice, and we like to think we try and deal with all matters without prejudice, Matters raised throughout the year include abuse, in-team fighting, players being barred from venues changes and generally any queries regarding misunderstood rules.

Also added that the problem we are facing with regards to poor attendance of players from div 1 for competitions, which with a result the league have failed to make enough money to cover trophies this season, but we have a couple of proposals regarding this matter later

3 RESULTS SECRETARIES REPORT

Thanked the committee for their help this year being my first year on the committee and results secretary,

Been a good flowing season with not many issues, only issue was that a few times teams have doubled up on numbers for the pairs and threes so had to chase teams to find out what players played where, so asked team if they can just double check the players they put down.

Said that if we have 21 teams enter from for the summer league that we will go to 3 leagues of summer if 20 will be 2 divisions of 10, which would put us a couple weeks behind where we ended last summer, due to a extra bank holiday.

4 TREASURES REPORT

The Treasurer thanked the committee and thanked players for their continued support for the league.
